As the time for class registration for the 2023-24 school year approaches, I would like to take this time to inform everyone that Northeast Community College (NECC) will be offering free dual credit classes for the next three years. The Osmond Community School will be allowing students who will be juniors and seniors to register for up to two dual credit classes per semester. Students who register for dual credit classes at NECC will be required to purchase their books from the bookstore on their own and turn the receipt into the office for reimbursement, along with any other materials needed for the class that were purchased, as these can go towards their \$1000 that the school allows. Please be aware that dual credit classes do count towards student GPA, class rank, and honor roll. If you have any questions, please give me a call at the school. Thank you.
