Osmond Public School Foundation

The Osmond Public School Foundation was formed in the fall of 2008. The purpose of the Foundation is to be a receptacle for the gifts and memorials to be used to promote and provide educational services for students, staff, and Osmond area citizens. Those gifts can be given with no special request in mind or can be designated for a special purpose.

All contributions made to the Foundation will be available for disbursement in support of allowable activities within the scope of the public school system. All projects will be selected by the Osmond Public School Foundation's local board, unless specific requests have been made at the time of the donation.

Residents of the Osmond area will benefit from generous lifetime gifts and estate bequests for our school community. Osmond Public School Foundation will permit such future gifts to be deductible for income, estate, and gift tax purposes.

Now is you and/or your loves ones time to be remembered by and help your community school at the same time!

Why a School Foundation?

- To attract new financial supporters for the school's "savings account" that will meet current and future needs
- To provide a method by which people can leave their gifts to benefit the school community
- To provide donors maximum flexibility and tax advantages with their charitable contributions
- To provide professional management of the endowment funds, in which gifts will be permanently invested and the earnings used for local educational purposes
